POSTMASTER AT GALLATIN

We are glad to be able to announce the appointment, as Postmaster at Gallatin, of Col. Thomas Boyens, formerly one of the editors of the American. He deserved the office for good services; and, besides, persons who have served an apprenticeship on newspapers are sure to make good Postmastera.

O'Messes Dorn & Yearour, Daguerreotypists on College street, are taking some of the most beautiful pictures we have seen for many a day. Some of their Crayon specimens will compare favorably with the best painted miniatures for likeness, softness of tone and general appearance.-Our citizens should patronize these artists; they jointed, rheumatic, and neuralgo sofferers. It instantly have no superiors this side of the mountain. Their stops pain. charges are moderate.

A Corron Island, -Gen, J. Wilson, of San Francisco, has written to Gov. Foote of Mississippi, about n group of islands in the Pacific, known as the Navigator's Islamis. With the letter Gen. Wilson sends to Gov. Foote some picking of cotton taken from one of the cotion trees which grow on those islands. This tree attains the extraordinary height of thirty feet, with a diameter of one foot, and b anches spreading thirty feet. The boll is about the size of a goose egg. When the cotton tree is in full RJ Meigs, Est. bloom it presents a supurb appearance, looking like Rev 0 is Hav an immense snow-ball tree, of the kind that adorns Willo Williams,

The islands are on the route from California to | Br R C Fester, 4th, Australia, about midway between this last and the Dr John D Kelly, Sandwich Islands, lying in about 14 degrees south.

They are ten in number, have an agreeable climate. and are inhabited by about 100,000 savages, divided into tribes who are often fightister. Gen.

SPECIAL NOTICES.

Unpuralled Success,-The demand for Dr McLane's Liver Pils, wherever they have been introduced, has in-creased with astonishing rapidity. Their popularity is un-precedented in the annals of medicine. Even physicians are using them in many cases, when they can obtain them. Patients, however, need not be at the expense of medical advice, as they can purchase a box of the Liver Pills, with which directions will be furnished, which will work a speedy cure. The following cortificate, from a gentleman in Ohio, menks strongly of the efficacy of this great remedy:

* My wife was afflicted with the Liver Compleint for nearly five years, and speut about one hundred dollars with a reguphysician, all to no purpose. I heard of M'Lane's Fills, and got four boxes. She is now enjoying good health. You may make use of this, if it will do you any good aug?

Important to Planters.-The following letter was written by a gentleman well known to us, and its contents are of importance to all having the care of plantations.

NEW OBLEANS, Jan 8, 1853. Mesers. B. A. Fahnestock & Co., Pittsburg, Pa. Gentlemen.—In conversation a few days since with a friend, speaking of the increasing demand for your justly celebrated Vermifuge, he informed me that a friend of his, a planter well known in the Attakapas, had told him that since he had commenced using your Vermifuge he had saved several negroes every year. Among the young negroes on his large plantation, he used to lose from fifteen to twenty yearly. Now, he says, since he has begun administering your Vermifuge, the deaths amongst the young fellows are reduced more than fifty per cent. This acknowledgment, coming from such a respectable source, is very strong proof coming from such a respectable source, is very strong proof of the efficacy of your remedy, not only in alleviating suffering, but in saving life. I mention the fact as I heard it, for your encouragement. Very truly yours, &c.

Most of our reme-dies here are imported from England, and some of them are rich and valuable; but no product of medical skill from that or any other quarter has ever won so fully the confidence or any other quarier has ever won so fully the confidence of our population as this beautiful preparation of yours. The article has attracted particular attention among our was cured of a severe and dangerous affection of the lungs by its use. H. G. FARRELL'S CELEBRATED ARABIAN LINIMENT

TRIUMPHANT OVER DISEASE. H. G. FARRELL'S GENUINE ARABIAN LINIMENT II. G. FARBELL'S GENUINE ARABIAN LINIMENT is a most extraordinary medicine, the truth of which is placed beyond doubt by the vast sales of the article and the many cures being daily performed by it, which previously had resisted all other medicines and the skill of the best physicians in the world. It is composed of balsams, extracts and gams peculiar to Arabia—possessing, in a concentrated form, all their stimulating, anodyne, penecrating, unctuous and revulsive properties, and the same which, ages ago, were used by the "Sons of the Desert," with such miraonlous success, in curing the diseases of both man and beast.

Read the following cure, which should of itself place H. G. FARRELL'S ARABIAN LINIMENT

Mr. H. G. Fariell.—Dear Sir. Actuated by a scuse of gratefulness, I submit the following as an instance of the utility of your great medicine. My child, three years old, was suitenly actached with a terrible disease, which in less than six hours prostrated it to total helplestness. The limbs became so rigid that not a joint could be bent; the flesh turned black and cold and entirely deprived of feeling, the eyes fixed, partially closed and altogether blind, following this was deafness to all sounds; the spine became contracted and so curved that when lying on its back the head and heels only touched. Indeed, the child presented every appearance of being dead. Inmediately on the attack, the family physician was called in, and for three weeks he labored to restore it to feeling, but all in vain, although it was blistered a dozen times and various rubefacient liminents applied. A consultation of physicians was then held, but to no purpose, the case was then brought before the Medical Society, but nothing could be suggested which had not already been done, and the doctor then told me he could do nothing more. We then commenced applying your Liniment freely over the entire length of the spine, and you may imagine a parent's joy, when, after a few applications, returning animation was apparent, and it rapidly recovered with the exception of the sight, which did not become perfect for near a mouth. The child is now healthy and robust as can be. Five other cases of the same kind occurred pre-Mr. H. G. FARRELL-Dear Sir: Actuated by a sense of as can be. Five other cases of the same kind occurred pre-viously in my neighborhood, all of which died, when there is no doubt if your Liniment had been used they would Peoria, March 1st, 1851.

Lock out for Counterfeitel The public are cautioned against another counterfeit, which has lately made its appearance, called W. B. Farrell's Arabian Liniment, the most dauge ous of all the counter feits, because his having the mane of Farrell, many will buy it in good faith, without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the spurious mixture has wrought its evil effects.

The genuine article is manufactured only by H. G. Farrell, sole investor and proprieter, and whole sale demonstrate. No sole inventor and proprietor, and whole sale druggist, No. 17 Main street, Peoria, Illinois, to whom all applications for Agencies must be addressed. Be sure you get it with the letters H.
